Portugal

PROFESSIONAL SUMMARY

As a Software Engineer with extensive experience in developing web applications, I am a highly motivated and adaptable team player with strong technical expertise. My ability to apply theoretical concepts to practical situations, attention to detail, and positive attitude towards work make me an excellent candidate for any challenging opportunity.

WORK EXPERIENCE

Smart Debrief - Frontend Developer

Nov 2025 - Present

We Are META, Portugal

- Developed design interfaces based on design patterns.
- Developed and maintained core frontend features for audio upload, playback, and meeting processing workflows.
- Integrated AI-driven transcription and summarization outputs into a clear and user-friendly interface.
- Improved application performance and user experience, ensuring smooth handling of large audio files and long transcripts.
- Collaborated with backend and AI teams to define data structures and ensure consistent processing pipelines.
- Enhanced code quality and maintainability through refactoring and reusable component architecture.

Moomenti - Senior Frontend Developer

Sep 2025 - Nov 2025

Mobiweb, Portugal

- Developed design interfaces based on design patterns.
- Delivered robust solutions for critical bugs and inconsistencies, ensuring platform stability and reliability.
- Optimized performance and maintainability, refactoring code and improving architecture for long-term scalability.
- Improved the CI/CD pipeline, streamlining deployments and reducing release friction.
- Authored comprehensive documentation to accelerate onboarding and knowledge sharing within the development team.

Senior Frontend Developer / App Manager

Jul 2023 - Aug 2025

Mobiweb, Portugal

- Spearheading the architecture design and development of React Native mobile applications.
- Oversaw the entire mobile release process as App Manager, ensuring smooth submission, review, and publication on both iOS and Android platforms.
- Conducting comprehensive code reviews to ensure adherence to best practices and coding standards.
- Championed test strategy and implementation, introducing and maintaining unit and integration tests to increase product reliability and reduce regressions.
- Collaborated closely with cross-functional teams (design, backend, QA, and product) to define technical solutions, plan roadmaps, and deliver high-impact features aligned with business goals.

Moomenti - Frontend Developer***Jun 2023 - Jun 2023***

Mobiweb, Portugal

- Developed layout systems, responsive design, accessible and user-friendly interfaces in React Native and Next.js.
- Integrated forms with React Hook Form to improve validation and user experience.
- Participated in code reviews and contributed to maintaining clean, reusable components.

Frontend Developer***Jul 2022 - Mar 2023***

Red IT, Portugal

- Developed design interfaces based on design patterns.
- Worked on a DevOps environment.
- Developed documentation about Testing React Components with Jest and provided training sessions in order to help team members to apply unit test on components.
- Provided assistance for Junior Frontend Developers.
- Worked on bug fixes providing measures to prevent future performance issues.

Software Engineer***Oct 2019 - Mar 2022***

Exact Code Sistemas, Brazil

- Planned, developed, tested, deployed, and maintained web applications with React and mobile applications with React Native.
- Developed RESTful API with Node.JS and Python.
- Provided effective troubleshooting and remediation for web applications.
- Planned and developed knowledge bases for virtual assistants.

Software Developer Freelancer***Mar 2017 - Oct 2019***

Exact Code Sistemas, Brazil

- Developed Web and Mobile Application with React and React Native.
- Developed RESTful API with Node.JS and Python.
- Learned and Applied Theoretical computing concepts on AI projects.
- Learned web development principles and tools for better web applications.

EDUCATION**Computer Science, Bachelor*****Mar 2012 - Jun 2022***

Universidade do Sul de Santa Catarina, Brazil

SKILLS

- Javascript - Advanced
- Typescript - Advanced
- React JS - Advanced
- React Native - Advanced
- Python - Intermediate
- HTML5 - Advanced

- CSS3 - Advanced
- Styled Components - Advanced
- SASS - Advanced
- Node JS - Intermediate
- Adobe XD - Advanced
- FIGMA - Advanced
- Jest - Advanced
- React Query - Intermediate
- Tailwind - Intermediate
- React Testing Library - Advanced
- Storybook – Advanced

LANGUAGES

- Full proficiency in Portuguese (native language).
- Full professional proficiency in English.
